Dr. Ulmanis is licensed to practice veterinary medicine in the states of **Alaska** and **Missouri**. He has been a practicing veterinarian in both Michigan and Missouri since his graduation from Michigan State University in 1976. After working at several clinics in Michigan during his early years, he founded Ulmanis Veterinary Clinic in Metamora, Michigan where he worked on both large and small animals, but specialized in equine work. In 1993, he moved to the West Plains area and purchased the Animal Clinic of West Plains, Inc., which he remodeled into a full service equine and small animal facility.

Animal Clinic of West Plains, Inc.
